Scopus ID: 8729986100
Academic Position: Assistant Professor in Forest Economics and Valuation,
Department of Forestry and Natural Environment Management, Agricultural University of Athens, Greece.

Dr. Dimitra Lazaridou holds a Ph.D. in Forest Economics. She obtained her B.Sc. in Forestry and Natural Environment and an M.Sc. in Ecological Water Quality and Management. She is currently an Assistant Professor at the Agricultural University of Athens, Department of Forestry and Natural Environment Management.

Her research interests focus on forest economics, environmental and natural resource economics, non-market valuation, econometric analysis, social entrepreneurship, bio-economy, and agro-environmental policy.

She serves as a reviewer for scientific articles in twenty (20) journals up to now. She is in the editorial of Frontiers (in Environmental Economics) and a Guest Editor in two Special Issues of Forests. She has published her work in several peer-reviewed journals, edited volumes, and conference proceedings. In particular, she has 24 publications in journal articles (mainly in Q1 journals), 7 Book Chapters, 30 Presentations in international conferences, and 12 Presentations in national conferences.

She has participated in 23 research projects so far (7 Horizon, 4 Erasmus+, 1 Black Sea, 1 Life, 1 European Economic Area (EEA) Program, 9 of national funds and co-financed). She is also an evaluator of research proposals for national funding agencies.
