

Dr. Eleni G. Papazoglou – Curriculum Vitae

AGRICULTURAL UNIVERSITY OF ATHENS (AUA)
DEPARTMENT OF CROP SCIENCE
LABORATORY OF SYSTEMATIC BOTANY
75 IERA ODOS st., 11855, ATHENS, GREECE

Contact Details

Telephone: +30 2105294315

web: <http://www.aua.gr>

email: elpapazo@aua.gr

**Education**

1. B.Sc. in Agriculture, Department of Crop Science, Agricultural University of Athens (AUA).
2. Ph.D. Thesis, Department of Natural Resources Management and Agricultural Engineering, Agricultural University of Athens (2000-2004: Irrigation with metalliferous water of the energy crop *Arundo donax* L. and its phytoremediation potential).
3. 2017-2019: Postdoc researcher at the Centre for Environmental Sciences, Hasselt University, Belgium (<http://www.uhasselt.be/CMK-en>), under the supervision of Prof. Dr. Jaco Vangronsveld.

Awards and fellowships

1. 1987-1988: Special Postgraduate Scholarship- Department of Crop Science, AUA.
2. 1988-1990: Scholarship - [Public Benefit Foundation Alexandros S. Onassis](#).
3. 2006-2007: First grant of the [Scholars' Association- Public Benefit Foundation Alexandros S. Onassis](#).
4. 2007-2008: Second grant of the [Scholars' Association- Public Benefit Foundation Alexandros S. Onassis](#).
5. 2009-2010: Research fellow - Georgia Institute of Technology, [School of Civil and Environmental Engineering \(CEE\)](#), Environmental Biotechnology Laboratory, Atlanta, USA.
6. 2013- Foreign member of the Commission of Medical Sciences of Polish Academy of Sciences.
7. 2016-2020: Appointed as contractual foreign consultant of the Chinese Academy of Science, Institute of Bast Fiber Crops (IBFC).
8. 2020- Member of the European's Commission EIP-AGRI Focus Group on “ Sustainable industrial crops in Europe: new market opportunities and business models which do not replace food production (<https://ec.europa.eu/eip/agriculture/en/focus-groups/sustainable-industrial-crops-europe-new-market>)”.
9. 2025-2027: Appointed as contractual foreign expert at the Green and Low-Carbon Production Technology Team of the Institute of Bast Fiber Crops, Chinese Academy of Agricultural Sciences.

Academic Position

Teaching and research associate, Laboratory of Systematic Botany, Department of Crop Science, Agricultural University of Athens.

Research Interests

- Applied botany and plant–environment interactions
- Phytoremediation and phytomanagement of contaminated and marginal soils
- Cultivation of non-food industrial crops on contaminated, saline and other marginal lands
- Low-input, high-biomass cropping systems for sustainable biomass production and bio-based value chains
- Plant responses, tolerance and elemental accumulation under heavy-metal(loid), salinity, drought and water stress
- Use of biostimulants and plant–microbial associations to improve crop growth and phytomanagement performance
- Biodiversity, ecology and adaptation of native plant communities in mining, metallurgical and other degraded environments
- Identification and evaluation of underutilized and climate-resilient plant species with economic or environmental value
- Sustainable use of wastewater and marginal-quality water for non-food crop production

Books and Scientific publications

BOOKS

1. **Papazoglou, E.G.**, Kyritsis S., Souter Ch. (1986). Greenhouse heating-Heat pumps EL.KE.PA, Athens.
2. Evangelou, M.W.H., **Papazoglou, E.G.**, Robinson, B., Schulin, R. (2015). Phytomanagement: Phytoremediation and the production of biomass for economic revenue on contaminated land. In: *Phytoremediation: Management of Environmental Contaminants, Volume 1* (Gill, Gill, Ansari, Lanza, and Newman, eds.), Springer International Publishing, Switzerland.
3. Fernando, A. L., Barbosa, B., Costa, J., **Papazoglou, E.G.** (2016). Giant reed (*Arundo donax* L.): a multipurpose crop bridging phytoremediation with sustainable bio-economy. In: *Bioremediation and Bioeconomy*, M.N.V. Prasad (Ed.), Elsevier Inc., Netherland.
4. Alexopoulou, E., Monti, A., Elbersen, H.W., Zegada-Lizarazu, W., Million, D., Scordia, D., Zanetti, F., **Papazoglou, E.G.**, Christou, M. (2018). Switchgrass: From Production to End Use. In: *Perennial Grasses for Bioenergy and Bioproducts. Production, Uses, Sustainability and Markets for Giant Reed, Miscanthus, Switchgrass, Reed Canary Grass and Bamboo*. E. Alexopoulou (Ed.), Elsevier Inc. United Kingdom.
5. Fernando, A. L., Barbosa, B., Costa, J., **Papazoglou, E.G.** (2024). Giant reed (*Arundo donax* L.): a multipurpose crop bridging phytoremediation with sustainable bioeconomy. In: *Bioremediation and Bioeconomy*, M.N.V. Prasad (Ed.), 2nd Edition, Elsevier Inc., Netherland.

5. Ψωμάδης, Ε., **Παπάζογλου, Ε.Γ.**, Καυκαλά, Ε., Χαριζόπουλος, Ν., Φιλιππίδης, Φ., Σερέλης, Κ. (2017). Διαχρονική εκτίμηση της ποιότητας νερού και γεωχωρική ανάλυση στην παράκτια περιοχή του Σπερχειού ποταμού. *11^ο Διεθνές Υδρογεωλογικό Συνέδριο της Ελλάδας*, Αθήνα.

INTERNATIONAL AND NATIONAL WORKSHOPS AND WEBINARS

1. Karantounias, G., Damianakos, D., Serelis, K., **Papazoglou, E.G.** (2008). An Eco-industrial and Natural Park. Lavrion City and Sounion national Part, Attica-Greece. International Workshop on Minor Communities and Natural and Cultural Heritage: an Asset or a Liability? Sundsvall, Sweden.
2. **Papazoglou, E.G.** (2013). Evaluation of the energy crop *Jatropha curcas* as a mean to promote renewable and sustainable energy for the Mediterranean region (JatroMed). *1st JatroMed International Workshop*, Marrakech, Morocco.
3. Ouhammou, A., **Papazoglou, E.G.**, Outzourhit, A., Ait Babahmad, R. (2013). The Multipurpose energy crop of *Jatropha curcas* L. *1st JatroMed International Workshop*, Marrakech, Morocco.
4. **Papazoglou, E.G.** (2014). JatroMed EU Project: Current status and results concerning *Jatropha* growth and adaptation in North African Countries. Final meeting and Brokerage event of the project “Strengthening Networking on Biomass Research and Biowaste Conversion – Biotechnology for Europe – India Integration (SAHYOG)”, Brussels, Belgium
5. **Papazoglou, E.G.** (2014). JatroMed implementation in North Africa. *2nd JatroMed International Workshop*, Algiers, Algeria.
6. Ait Babahmad, R., Outzourhit, A., **Papazoglou, E.G.**, Ouhammou, A. (2014). Evaluation of number of flowers and fruits per inflorescence for four *Jatropha curcas* L. genotypes planted in Had Draa (Essaouira) Morocco. *2nd JatroMed International Workshop*, Algiers, Algeria.
7. Ait Babahmad, R., Outzourhit, A., **Papazoglou, E.G.**, Ouhammou, A. (2014). The Oil yield and physicochemical properties of mechanically extracted *Jatropha curcas* L. oil. *2nd JatroMed International Workshop*, Algiers, Algeria.
8. **Papazoglou, E.G.** (2015). JatroMed implementation in North Africa. *3rd JatroMed International Workshop*, Alexandria, Egypt.
9. Ait Babahmad, R., Outzourhit, A., **Papazoglou, E.G.**, Hafidi, M., Ouhammou, A. (2015). *Jatropha curcas* Waste Can Be Made Useful by Composting. *3rd International Workshop on waste management and sustainable development*, Tangier, Morocco.
10. Ait Babahmad, R., Outzourhit, A., **Papazoglou, E.G.**, Hafidi M., Ouhammou, A. (2015). *Jatropha curcas* L 1753. (Euphorbiaceae): Description, Ecology, Distribution and different Uses. *International Workshop entitled: Best practices in biodiversity conservation and local livelihoods in Morocco*, Marrakech – Morocco.
11. **Papazoglou, E.G.** (2020). Exploitation of contaminated agricultural soils by the cultivation of industrial crops. National workshop entitled: Biomass and Agrarian Sector, Thessaloniki, Greece
12. **Papazoglou, E.G.** (2020). Growing fiber crops on contaminated lands as feedstock for biobased economy. Webinar organized by the Association for the Advancement of Industrial Crops.
13. **Papazoglou, E.G.** (2021). Utilization of industrial crops for the phytomanagement and remediation of heavy metal contaminated soils. Workshop organized by the EU project MAGIC in the view of the AAIC 2021 conference, Lisbon, Portugal.
14. **Papazoglou, E.G.** (2021). Supply and application of fiber crops for sustainable soil remediation and bio-based raw material production for industrial uses – FORTE. Workshop entitled: Halt Soil Degradation - Recycling, Biodegradation & Composting, organized by the Greek Bio-economy Forum and the University of Piraeus, virtual.
15. **Papazoglou, E.G.** (2022). Supply and application of fiber crops for sustainable soil remediation and bio-based raw material production for industrial uses – FORTE. Workshop organized by the ERANETMED project MediOpuntia, entitled: Opportunities and challenges for sustainable and

resilient agriculture in arid lands: case of Opuntia and other selected crops in the Mediterranean, virtual.

16. **Papazoglou, E.G.** (2023). Supply and application of fiber crops for sustainable soil remediation and bio-based raw material production for industrial uses – FORTE. Workshop entitled: Production of low ILUC Risk biomass feedstock, organized by the BIKE EU project, Thessaloniki, Greece.
17. **Papazoglou, E.G.** (2026). Climate-resilient crops for the sustainable phytomanagement of contaminated soils. Workshop entitled: Resilient Crops: Solutions for Agriculture in the Era of Climate Change, organized by the Biomass Department of the Centre for Renewable Energy Sources and Saving (CRES) within the framework of the WaterMellon project, Livadeia, Greece.

Research Activities

PARTICIPATION IN SCIENTIFIC RESEARCH PROJECTS: 21

ON-GOING AND RESENT PROJECTS:

-WATERMELLON (2025-2028) - Development of novel farming systems combined with water harvesting techniques to address extreme drought in the Mediterranean region, including saline and drought resilient species (<https://watermellon.eu/>). PRIMA FOUNDATION (Grant Agreement No 2412, ELKE Code No: 80402), **AUA scientific responsible and coordinator.**

-IASIS (2024-2028) - Curing contaminated and saline land with Industrial crops and producing biomass for high-value applications (www.iasis-soil.eu). EUROPEAN COMMISSION, CIRCULAR BIO-BASED EUROPE (Grant Agreement No 101157430, ELKE Code No: 80308). **AUA scientific responsible and coordinator.**

-MIDAS (2022-2026) - Marginal agricultural lands and climate-resilient and biodiversity-friendly industrial crops for innovative bio-based value chains (www.midas-bioeconomy.eu/). HORIZON EUROPE (Grant Agreement No 101082070, ELKE Code No: 08.0151). **AUA scientific responsible and coordinator.**

-BRIZE (2022-2024) - Installation of green desalination unit at Kimolos island with integrated innovative technology of brine treatment (www.brize-eeagrants.gr/). Co-funded by the EEA GRANT and the Greek Ministry of Productive Reconstruction, Environment and Energy (Ref. OPS 5093109, ELKE Code no: 124.0004). **Project coordinator.**

-GOLD (2021-2025) - Bridging the gap between phytoremediation solutions on growing energy crops on contaminated lands and clean biofuel production (www.gold-h2020.eu/). EUROPEAN COMMISSION, HORIZON 2020 (Grant Agreement No 101006873, ELKE Code No: 08.0121). **Leader of WP1 “Optimization of lignocellulosic energy crops for phytoremediation purposes”. AUA scientific responsible and coordinator.**

-FORTE (2019-2023) - Supply and application of fiber crops for sustainable soil remediation and bio-based raw material production for industrial uses (<https://www.forte-project.gr/>). Bilateral and multilateral joint R&T collaboration between Greece and China / GENERAL SECRETARIAT FOR RESEARCH AND TECHNOLOGY (GSRT), under the Operational Programme “Competitiveness, Entrepreneurship and Innovation” (EPAnEk) 2014-2020 (Code No: T7ΔKI-00038, MIS: 5050727, ELKE Code No: 341.0727). **Project coordinator.**

-MAGIC (2017-2021) - Marginal lands for Growing Industrial Crops: Turning a burden into an opportunity (<https://magic-h2020.eu/>). EUROPEAN COMMISSION / HORIZON 2020 (Grant Agreement No 727698, ELKE Code No: 080079). **Leader of Sub-task 4.3.2 Pot trials/phytoremediation. AUA deputy coordinator.**

-PANACEA (2017-2021) - A thematic network to design the penetration path of non-food crops into European agriculture (<https://www.panacea-h2020.eu/>). EUROPEAN COMMISSION / HORIZON 2020 (Grant Agreement No 773501, ELKE Code No: 080083). **AUA deputy coordinator.**

-SPERCHIOS (2015-2017) - Integrated environmental study and mapping for the improvement of the river basin management plans and the coastal zone of river Sperchios (www.sperchios-project.gr). EEA GRANT, (Ref. OIK 140880/17-08-2015, Ministry of Reconstruction of Production, Environment and Energy, ELKE Code no: 86.0001). **Team member, contact person.**

-BILATERAL RELATIONS (2015-2017) of the project Integrated environmental study and mapping for the improvement of the river basin management plans and the coastal zone of river Sperchios (www.sperchios-project.gr). EEA GRANT (ELKE Code no: 86.0002). **Contact person.**

- JatroMed (2011-2016) - Evaluation of the energy crop *Jatropha curcas* as a mean to promote renewable and sustainable energy for the Mediterranean region (www.jatromed.aua.gr). EUROPEAID/128320/C/ACT/Multi (Grant Agreement No 2011/221037, ELKE Code no: 080002). **Contact person.**

PARTICIPATION IN COST ACTIONS

- COST 859: Phytotechnologies to Promote Sustainable Land Use and Improve Food Safety
- COST FA0901: Putting Halophytes to Work - From Genes to Ecosystems
- COST C27: Sustainable Development Policies for Minor Deprived Urban Communities
- COST CA15223: Modifying plants to produce interfering RNA (iPLANTA).

CONFERENCES INTERNATIONAL SCIENTIFIC COMMITTEE MEMBERSHIP

- International Conference on Environmental Management, Engineering, Planning and Economics, Greece.
- International Conference "Plant - the source of research material", Poland.
- International Congress on the Management of Mining Waste and Post-Mining, Morocco.
- Salon International Ruralité et Développement Durable en Méditerranée, Algeria.
- 3rd International Symposium on Materials, Electrochemistry and Environment, Lebanon.

REFEREE IN SCI JOURNALS (2004-TODAY)

- Environment International (Impact Factor: 9.621)
- Environmental Pollution (Impact Factor: 8.071)
- Chemosphere (Impact Factor: 7.086)
- Journal of Hazardous Material (Impact Factor: 10.588)
- Industrial Crops and Products (Impact Factor: 5.645)
- European Journal of Soil Biology (Impact Factor: 2.846)
- Industrial & Engineering Chemistry Research (Impact Factor: 3.720)
- Ecotoxicology and Environmental Safety (Impact Factor: 6.291)
- Environmental and Experimental Botany (Impact Factor: 5.545)
- New Biotechnology (Impact Factor: 5.079)
- International Journal of Phytoremediation (Impact Factor: 2.528)
- Environmental Science and Pollution Research (Impact Factor: 4.223)

MEMBERSHIPS

- Foreign member of the Commission of Medical Sciences of the Polish Academy of Sciences.
- International Phytotechnology Society (IPS)
- Association for the Advancement of Industrial Crops (AAIC)
- World Bioenergy Association (WBA)
- Hellenic Society of Agricultural Engineers (EGME)
- Hellenic Biomass Society (HELLABIOM)

RESEARCH ASSOCIATE IN ENVIRONMENTAL IMPACT ASSESSMENT STUDIES: 12

RESEARCH ASSOCIATE IN LANDSCAPE ARCHITECTURE STUDIES: 10
