

南京农业大学
NANJING AGRICULTURAL UNIVERSITY

2026 Nanjing Agricultural University International Summer School

Admission Information

Welcome to 2026 International Summer School organized by Nanjing Agricultural University! From lectures on frontier disciplines to hands-on workshops, you'll have the chance to explore new passions, gain valuable skills, and create lifelong memories.

Topics

► Soil Health and Green Environment

This program aims at enhancing participants' experience and understanding of soil science, environmental engineering, ecology, and sustainable agriculture.

► Sustainable Wellness through China's Traditional Exercises

This program introduces China's traditional sports through hands-on practice of Tai Chi, martial arts and table tennis. Participants will decode the deep connections between physical movement and Chinese cosmology.

► Discovering Chinese Traditional Veterinary Medicine

This program immerses participants in the ancient, holistic principles of Chinese veterinary medicine (CVM), including Yin-Yang, Five Elements, Qi, and Zang-Fu organ theory.

► Explore the Wisdom for Sustainable Development of Agriculture in China

This program focuses on China's green development strategies with immersive cultural activities, including visits to China's ingenious agricultural heritage, rural revitalization projects etc..

Note: The specific programs to be offered will be determined based on actual enrollment numbers.

Words from Previous Participants

Ms. PAOLA TRAVERSI, Italy
Università Cattolica del Sacro Cuore

Participant of 2025 "One World, One Health" International Summer School

"Participating in this Summer School at Nanjing Agricultural University has been a truly enriching experience. The "One Health, One World" program reminded us that health is not just about individuals, but about the vital connections between humans, animals, ecosystems, and food systems."

Ms. ELIZABETH ASHLEY BUTTLE, U.S.A
University of Tennessee

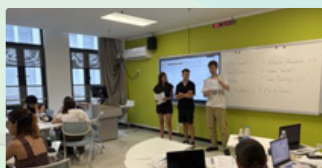

Participant of 2025 "Discovering Chinese Traditional Veterinary Medicine" International Summer School

"This summer school revealed the profundity of traditional Chinese wisdom. From hands-on acupuncture to Yin-Yang theory, each lesson reshaped my perspective. I feel grateful for this cross-cultural journey exchanges and am eager to keep exploring this sophisticated science in the future! "
